

The Federal Communications Commission

Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

We're retirees who use this service to stay in contact with our family and friends. We're concerned that an addition tax will make this means unfordable.

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits.
Keep the USF Fair!

Sincerely,

Joyce Sheldon
